Find place Cindwell, Wilt.

Collection Devered Museum
 Comments: 1. poll edge double faceted:
 There is what appears to be secondary grinding around 'damage stars' on poll (ground smoother than surrounding): if this interpretation is correct, 'damage' is ancient. Assumed that poll edge originally regular & fully ground. Secondary grinding, has removed double facet of poll edge above the stars.
 2. One of head of 3

Labels 26. - Very fine Cult of Flint, collected by 2 others, about 18 inches below the surface. The first given a day. Found at Cindwell, in 1962, with was sent to Lady Cooper, who gave it to a collector length 9 1/2 inches Evans Stone Imp's p90 CINDWELL DM 1982

Date 5.4.78
