Find place Teddington Lock, London.

Collection Cheltenham Mus.	Labels 1915: 109	Date 12.7.78
----------------------------	------------------	--------------

Comments 1. difficult to tell how much of edges has been damaged. Present GRIPOL = 10.
2. most of back face is a creamy brown colour. There is a marked boundary, which looks like a discontinuity, between this flint & the black flint of the rest of the cell.
3. provenance record reads: 'found near Teddington Lock'.
