

2. poll edge may originally have been fully ground: difficult to tell without of scars on poll pre a post-date grinding. Perhaps most likely that edge originally so indicated by dashed line (where possibly wire-ground) on drawing, & that poll was tampered in antiquity.

Comments 1. where surviving, blade edge is quite sharp.

Collection	Wahlen Hus.	Labels	MARTELLS FARM 9 th DUNMOW 1882. FOUND AT MARTELLS FARM 9 th DUNMOW EX 1882	See Register DEC 27 1887	Date 28.9.76
